Xidakis, G. S., J. V. Diamantis, and P. G. Marinos: Building Stones and Geological Environment in Three Ancient Cities of Aegean Thrace, Greece, 91

Title Index

Building Stones and Geological Environment in Three Ancient Cities of Aegean Thrace, Greece: G. S. Xidakis, J. V. Diamantis, and P. G. Marinos, 91

Decay and Conservation of Hungarian Building Stones: P. Kertész, 3

Editorial—Engineering Geology of Ancient Works, Monuments, and Historical Sites: P. Marinos and G. Koukis, 1

Editorial—Geosciences Manpower—A Look Ahead: R. A. Paull, 105

Editorial—Water, Man, and His Environment: P. E. LaMoreaux, 169

Engineering Geological Maps: A Cost-Benefit Analysis: E. F. J. De Mulder, 23

Engineering Geology and Historical Sites in Slovakia: R. Ondrášik and J. Malgot, 9

Engineering Problems in Ancient Maya Architecture: Past, Present, and Future: D. M. Pendergast, 67

Expanding the Role for the POU/POE Industry: M. B. Cook, 133

Gamma Emitters in Hong Kong Water: Lau Shun—Yin, Man Chung-Keung, Ng Wai-Kwok, and Au Shui-Chun, 129

Geologic Features and Durability of Limestones at the Sphinx: K. L. Gauri, A. N. Chowdhury, N. P. Kulshreshtha, and A. R. Punuru, 57

Geological Evaluation of Foundations of Ancient Monuments and Stability of Rockcut Caves in Central India: D. K. Ghosh, 15

Hydrogeological Approach to Investigation in Karst for Possible Modification of Groundwater Regime and Increase of Recoverable Reserves: M. Komatina, 149

Hydrologic Hydrochemical Characterization of Texas Frio Formation Used for Deep-Well Injection of Chemical Wastes: C. W. Kreitler, M. S. Akhter, and A. C. A. Donnelly, 107

Land Application: Its Effectiveness in Purification of Urban and Industrial Wastewaters in La Mancha, Spain: I. De Bustamante, 179

Locating Lagoon Seepage with Radar and Electromagnetic Survey: D. E. Brune and J. Doolittle, 195

Maya Utilization of Karst Groundwater Resources: G. Veni, 63

Mechanism of Enrichment of Trace Metals on Fine Sludges Collected from Filtration Plants: H. Teraoka and S. Nakashima, 143

Nourishment of Perched Sand Dunes and the Issue of Erosion Control in the Great Lakes: W. M. Marsh, 155

Present Groundwater Status in Egypt and the Environmental Impacts: H. Idris and S. Nour, 171

Quality Characterization of Groundwater in Koilsagar Project Area, Mahabubnagar District, Andhra Pradesh, India: C. S. Raju and P. V. P. Goud, 121

Rapid Formation of Large Coastal Sand Bodies after Emplacement of Magdalena River Jetties, Northern Colombia: J. O. Martinez, O. H. Pilkey, Jr., and W. J. Neal, 187

Stone Preservation with Illustrative Examples from the United Kingdom: F. G. Bell and J. M. Coulthard, 75

The Future of the Past at Göreme in Turkey: R. Bowen, 35

The Great New Madrid, Missouri (U.S.A.) Earthquake of 1811–1812: J. D. Rockaway, 29
